Columbia Basin College Hosting Health Sciences Information Session

Pasco, WA, November 7, 2024 - Columbia Basin College (CBC) is hosting Health Science information sessions on Friday, November 8. Professors will present on their programs, the prerequisites, and application processes. Attendance is free.

Information sessions provide prospective students the opportunity to meet with Completion Coaches and other representatives from the Health Science department to learn more about the various health science programs offered at CBC, including the newest program, Substance Use Disorder Professional. The upcoming sessions will be held in-person at CBC's Health Science Center in Richland, allowing attendees to explore the classroom spaces within the facility.

Program requirements vary and it is highly recommended that anyone interested in a Health Science program attend the corresponding information session. Register today at columbiabasin.edu/calendar. For more information contact healthsciences@columbiabasin.edu.

For questions, please email Elizabeth Burtner, AVP for Marketing & Outreach at eburtner@columbiabasin.edu.

###

Columbia Basin College (CBC) is a public community college serving the Tri-Cities and surrounding communities since 1955. CBC's mission is to inspire, educate, and support all students in an environment of academic excellence leading to the completion of degrees, certifications, and educational transfers, while fostering meaningful employment, engaged citizenship, and a life-long joy of learning. CBC offers both two and four-year degrees and one-year Certificates. Bachelor of Applied Science degrees are offered in Applied Management, Applied Management in Agriculture or Healthcare Administration, Cyber Security, Dental Hygiene, Information Technology, Health Physics, Teacher Education and Project Management. CBC also offers a Bachelor of Science in Nursing.
